Additional Skills

- Team Collaboration
 - Communication
 - Analytical Thinking
 - Problem Solving
 - Time Management
-

WORK EXPERIENCE

PT ENAKANS MEDIA TEKNOLOGI

Business Analyst (April 2023 – Present)

- Analyzed and documented business requirements for enterprise-level projects, including work as a vendor partner for PT Telkom Indonesia.
- Translated business needs into functional specifications and system requirements for development teams.
- Coordinated with stakeholders, clients, and internal teams to ensure project alignment and requirement accuracy.
- Prepared and maintained project documentation such as BRD, user flow, and analysis reports to support system development.

PT RA CONSULTING

Web Developer & IT Support (December 2022 – March 2023)

- Redesigned and developed the company website using React.js and Tailwind CSS to enhance UI/UX and responsiveness.
- Performed website maintenance, troubleshooting, and performance optimization.
- Provided IT support for internal operations, including email system maintenance and resolution of general IT-related issues.

PT MAKUI TEKNOLOGI INDONESIA

Frontend Developer (November 2021 – November 2022)

- Developed and maintained the company's E-commerce Website Platform using React.js with backend integration via Laravel.
 - Built responsive and scalable user interfaces using Bootstrap and Tailwind CSS.
 - Integrated frontend components with backend services and MariaDB databases.
 - Collaborated with backend developers and stakeholders to implement features, fix bugs, and improve overall system performance.
-

PROJECTS

KOIJATIGOTA – Community Profile Website

Tech Stack: React.js, Tailwind CSS

- Built a responsive community profile website to present organizational information in a clean and accessible layout.
- Designed reusable UI components to improve consistency and maintainability.

KIARA GROUP – Landing Page & Company Profile

Tech Stack: React.js, Tailwind CSS

- Developed a modern landing page to improve company branding and online presence.
- Optimized responsive layouts for mobile, tablet, and desktop viewing.

RAVATRA ACADEMY – Company Profile & Training Platform

Tech Stack: React.js, Tailwind CSS

- Developed a website for company information and training product management.
- Integrated dynamic content handling with API for training and product-related information.

RAVATRA ACADEMY – Admin Dashboard

Tech Stack: React.js, PHP, MySQL, Tailwind CSS

- Built an admin dashboard for managing training orders, participant data, and website content.
- Implemented authentication, CRUD operations, search/filter features, and REST API integration.
- Improved operational efficiency by centralizing content and information management into a single system.

RA CONSULTING – Website Redesign

Tech Stack: React.js, Tailwind CSS

- Redesigned the existing website with improved UI/UX and cleaner visual structure.
- Improved navigation flow and responsiveness for better user experience.

DSA CONSULTING – Company Profile Website

Tech Stack: React.js, Tailwind CSS

- Created a responsive company profile website using component-based frontend architecture.
- Focused on clean design implementation and cross-device compatibility.

PAEKO.ID – Insight Dashboard

Tech Stack: React.js, Laravel, MariaDB, Bootstrap

- Developed an internal dashboard for business insight and data visualization.
 - Implemented interactive tables and data presentation features to support operational analysis.
-

EDUCATION

Universitas Mercu Buana

Bachelor's Degree in Computer Science

GPA: 3.49/4.00

2021 – 2026

SMA Negeri 4 Depok

Science Major

2018 – 2021
